Phillies' Double Victory Strengthens Their Hold on Seventh Place in National League Scramble

JIMMY RING PROVES THAT PITCHERS CAN HIT ONCE IN A WHILE

With Lowest Batting Average in League, Phil Hurler Wins Own Game With Home Run—Two Reverses Stun Cards—Heilman's 14th Hurts Mackmen's Streak

JIMMY RING, genial, good-natured son of Brooklyn, is the worst batter in the National League. Peruse the averages of last week. His grand total for the season, exclusive of yesterday, was less than his weight over 150 ounds. It was something like .050, about as unhealthy an average as any man in baseball would care to have tacked after his name.

Pitchers aren't supposed to hit, and Ring is a firm believer in it. The awkward swing he takes at the ball, the width by which he misses the pitch and his ungainly stance at the plate have amused the fans ever since Jimmy

started his big lengue career eight years ago.

been accomplished by them in many woons.

At times, however, a pitcher fools the world and besides pitching also Jimmy Ring did this yesterday out in St. Louis and handed the Cards a defeat by so doing. Early in the game Ring surprised the large crowd out for the bargain day bill by making a single. The remainder of the game, not counting the seventh round, saw Ring perform as is his way-walking to the plate and turning around and walking right back to the bench. In the seventh, tired of going along with the score knotted, Jimmy

surprised everybody by taking a healthy wallop at the horsehide as served by Sherdell. Instead of a weak, puny fly, an infield grounder or at best a fly to the outfield. Ring deposited the pellet high and dry into the pocket of one of the sunfish in the bleachers. It was a home run. Ring didn't faint nor did Irv Wilhelm, according to reports, but Jimmy the Ring was surrounded by his teammates, who escorted him to the bench

while the populace applanded and laughed with delight. It was one of those treats in baseball that even the home folks can enjoy, even when it is at That homer broke the tie and enabled Ring to turn in his eighth victory of the season. It also gave the Phillies a double win, something that has not

RING started out as though he were going to hand the game to the Cards on a silver platter. Of the first twelve men to face him. six hit safely, runs coming in the second and third innings. After that Jimmy was as stingy as a rent profiteer. He allowed but one hit from the third until the ninth, when Torporcer doubled with two down in the closing frame. Flack, however, flied out and ended that

Double Reverse Costly to Cardinals

THE double defeat was a sad dose for the Cards to swallow. It cost them one and a half games in the battle for first place, the Ginnts

winning from the Cubs and advancing just that much.

Lee Mendows twirled good ball in the opener while his mates were hammering North and Barfoet hard. The score stood 3 to 2 in favor of our heroes when the ninth started. Rogers Hornsby, who is rapidly gaining in his fight to break the National League home-run record, gave his team a run in the sixth when he hit his twenty-third home run of the season,

North exited from the mound in the sixth and youth Barfoot ambled to He stymied the Phils in the seventh and eighth, but exploded in the ninth. Fletcher started the frame by getting winged. Leslie fanned and Peters, jealous because Fletcher was nursing a sore arm, also walked into one. Meadows, however, fouled out. Then came the fireworks. Rapp doubled. Fletcher counting. Hornsby mussed up Parkinson's grounder, Peters and Rapp depositing their markers at the scoring station.

Williams, after a long rest from home-run hitting, shot the pellet over the wall in right field, sending Parkie in ahead of him and making it easy for Mendows. Five runs and the game. The Cards proved easy in their half. The victory in the first game broke the winning streak of the Cards, that had reached eight. The double win placed the Phillies two games ahead of ston in the cellar battle, as the Braves captured their opening fray with the Pirates. The Phils had been victimized five straight times before they handed the Curds the jolt in the opener.

With Grover Cleveland Alexander serving them up, the Cards had high hopes that the Giants would be dropped. The former Phil proved incapable of holding the fast-moving Giants in tow and they walked away with a 5-to-1 verdict.

Alex went along well until the seventh, when the Giants scored a pair. They added two more in the ninth for good measure, sewing up the game beyond repair. Sixteen hits were made off Alex, while the Cubs gathered but eight off Fred Toney.

CASEY STENGEL, the twelve-year veteran who is playing the greatest game of his long career, will be on the sidelines for a neeck as the result of being hit in the face with a pitched ball. Casey suffered a paralyzed nerve. In twenty-seven games Stengel has the grand average of .388, ranking second in batting in the senior circuit

Cobb and Heilman Ruin the Day

WITH an excellent opportunity to get out of last place, the Athletics fell down in the third game of the series because Tyrus Raymond Cobb insisted upon getting a safe hit every time up and because Harry Heilman insisted upon making his fourteenth home run of the season with two pals on the path in the ninth. Cobb evidently was much upset at the double reverse his charges suffered

on Tuesday. He was riled before the game by a handful of fans in the upper pavilion, who gave him an unmerciful panning from their safe perches. They kept it up all during the fray, peeving Cobb to such an extent that he made five safe hits. Outside of the ninth inning Rollie Naylor hurled a good enough brand of

ball to win, but he faltered when he shouldn't have faltered. He had Blue out of the way, but walked Jones. Cobb came through with a single and Veach banged out a double. Heilman put on his net and sent the pellet high into the bleachers, making the game secure in the Detroit log. Rollie was found for ten hits op to the final frame, and he kept them well

scattered in all but two innings. He was backed up superlatively by his fellow workers, and had it not been for a wild peg by Frank Bruggy he would have gone into the ninth with the figures in his favor instead of being even. Our chief knights of the bludgeon were inactive most of the afternoon, the veteran George Dauss holding them to a quintet of safeties, two of which came from the ash of Chick Galloway, who once again edged in with several

Six of the Mackmen reached first through the generosity of Dauss, who franked them to the initial corner. Manion helped the A's to the tying run in the eighth when he shot the ball into left field when Tillic Walker strayed off third. Frank Bruggy essayed the sprinter's role, but died at the plate on a good peg from Bebby Veach. Had Mack sent a fastes man to run for the big catcher in that round the Mackmen would have counted another run.

OUTSIDE of the ninth the Athletics played great ball, and had Naylor been able to get by Cabb and Heilman another result might have been told. The fast double plays in which Naylor and Galloway played conspicuous parts helped to cut down promising

Pruett Fans Ruth Three Times

FRED "SCHUCKS" PRUETT. Missouri University collegian, proved yesterday in Gotham that history can repeat itself. When the youngster was starting his major league career he was forced to face Babe Ruth three times during a game with the Yanks. The same number of times the bustin' erson walked back to the bench via the strikeout route, the youngster's fadeaway completely upsetting Ruth.

Over in Gotham, where the fans have hopes of again seeing a home andhome World Series, Pruett repeated the feat. With men on bases each time, and three on on one occasion. Pruett fanned the home-run king of the universe three times. This he did in five innings, during which time he held his

Not only did Pruett pitch effectively, yielding five hits and three runs in Ave and one-third innings, but he also crashed out a single. He wabbled in the sixth and Van Gilder went to his rescue and subdued murderers' row. The Browns won the game by mussing up Hoyt in the eighth inning.

Tom Connolly used to assent to the forfeiting of the game, which Chill had indicated he wanted to do, and the Browns resumed play. After that they won the game. Urban Faber, who handed the Mackmen a reverse while here, held the Senators to four hits while his mates pounded the rookie Francis for a decade,

The Sox won the game and kept their hold on third place by half a game. Mostil was the big gun in the visitors' attack with a single, double and triple, He also scored three of the four runs. Herb Pennock and Jack Karr proved easy for Cleveland and they anded out an 11-to-7 victory. Twenty hits were registered by the Indians,
